

## EUROPEAN WOMEN'S NETWORK AGAINST SEXUAL VIOLENCE presents you our member **Jannetta Bos** from the Netherlands

**Monday, December 12, 2022 from 14.30 – 16.00 (CET)**

### **WORKSHOP: WORKING TOGETHER ON INTIMACY AND SEXUALITY AFTER SEXUAL VIOLENCE**

What can you do (if you are not a sexologist) during trauma therapy with female survivors who want to work on recovery of intimacy and sexuality? Sexual problems are common in persons who experienced sexual violence - also after an evidence-based trauma treatment.

#### **CONTENT:**

- Introduction about the background of problems in intimacy and sexuality after sexual violence.
- Ideas about what you can do with an individual survivor and when a partner of survivor takes part in treatment.
- Role-play: demonstration of one possible intervention.
- Questions are very welcome.

Jannetta Bos is psychotherapist and sexologist engaged in **Arq psychotrauma expert group** from Diemen. Jannetta is working with patients who are victims of war, prosecution and violence and will share as much as possible about the experience she gained during many years of working with survivors. The workshop will be very practical, so that you can get started right away.

In role-playing, Jannetta will be assisted by her colleague Alice de Bree, psychologist, who has been working with persons from Africa and the Middle-East, and since a while ago with adults and children from Central- and South-America and expats from Europe.

Jannetta and Alice are both working in the Netherlands.

Workshop will be held via **Zoom** platform.

**Working language: English. Simultaneous translation to Serbian provided.**

**Apply to participate via email: [itcentar@eunet.rs](mailto:itcentar@eunet.rs)**

**Application deadline: Friday, December 09, 2022**
